CAPTAIN WIRES EXPLOSION OCCURRED FIVE MINUTES AFTER FLAG WAS LOWERED.

NAME PAINTED ON HER SIDES

Identity of American Steamer Was Told In Letters Six Feet High.

(Associated Press)
Washington, D. C., May 27—Messages received from Ambassador Page and Consul General Skinner at London and Consul Frost at Queens town failed to say definitely whether the steamer Nebraskan had been torpedoed or had struck a mine.

Flag Hauled Down
One of the dispatches said the Nebraskan's American flag had been hauled down five minutes before she was struck, although her name was painted on her sides in letters six feet high.

Had No Warning.

In a message to Consul Skinner, Captain Green of the Nebraskan said: "At 8:24 p. m. Tuesday there was a terrific explosion, bursting out of hatches, throwing hatch beams, cargo derricks and twisted iron into the air, and filling the lower hold forward with water. It was dusk when the explosion occurred, the flag having been hauled down five minutes before. The steamer's name was painted on both sides in letters six feet high. We had no warning and saw nothing."

Attache Investigating.

Ambassador Page has cabled, "I am sending a naval attache to examine the Nebraskan, which it now appears was outward bound from Liverpool to Delaware Breakwater when she was torpedoed."

Question Unanswered.

Consul Frost has said "the ship has struck a mine or torpedo" but gave no details. Inasmuch as the message did not make it certain whether the steamer hit a mine or torpedo, they have left unanswered the principal point the president wants to make clear. Pending the receipt of the report of the naval attache no action will be taken.

Washington, May 27.—The announcement of the British admiralty that the American steamship Nebraskan was torpedoed off the Irish coast caused a stir here second only to the shock felt when the news of the Lusitania sinking was received.

In view of the circumstances of the case officials find it very difficult to believe that the Nebraskan was torpedoed and are anxiously awaiting the arrival of the ship in port to learn what statement her captain and officers have to make about the case. The press reports that the captain of the Nebraskan sent a message saying he had struck a "torpedo or a mine" were noted here, and consequently officials are trying to suspend judgment until complete reports are received. It is expected more detailed information would be available today.

Presidents Of Railroads Issue Plea To The Public

An appeal to the citizens of Illinois was issued yesterday by presidents of various railroads asking for the defeat of the bill now pending in the Illinois legislature to limit freight trains to fifty cars.

The committee back of the appeal consists of Charles H. Markham, president of the Illinois Central; Hale Holden, president of the Chicago, Burlington and Quincy; W. A. Gardner, president of the Chicago & Northwestern; W. G. Bierd, president of the Chicago & Alton, and S. M. Felton, president of the Chicago Great Western. The statement reads in part as follows:

"The passage of the bill would cause an enormous increase in railroad expense, which the public would have to bear either in increased rates or inferior service; would result in an increase of railway accidents and would interfere with the efficiency of operation.

"The proposed legislation is being promoted solely to force the rail-

Crossed River Isonzo Today After Sharp Fight - Declare Blockade

(Associated Press)
Geneva reports that a strong Italian advance guard today crossed the Isonzo river after a sharp fight with Austrian forces and have arrived before the town of Montebelluna, which is thirty miles from the Austrian seaport Trieste. The first Austrian wounded are arriving at Trieste.

BATTLE NOW RAGING

A battle between the Italians and Austrians is now raging around Plocken and west of Pradil Pass in Austria.

London, May 27.—Extending its activities against Austria, the Italian government declared a blockade of all ports on the Austro-Hungarian coast.

This vital move at sea was accompanied by renewed activity by land, the Italians pressing their original advantage on the border and extending their advance into Austrian territory, along a 300 mile front of the 484 mile stretch of the border.

Italy took vengeance for her first reverse at sea by putting an Austrian warship to flight off Triant, an Italian port on the Adriatic, according to a dispatch from Switzerland. This dispatch said that an Italian destroyer engaged the warship and quickly put her to rout.

Passes Occupied.

In the drive toward Trieste and other important points in Austrian territory the Italians occupied important strategic heights, passes and peaks along practically the entire length of the border, the advance averaging a distance of four miles onto Austrian soil. Reinforcements are being hurried to the invading armies to enable them to retain their positions.

In most cases the Austrian retreat was without serious resistance. Long range artillery action was attempted (Continue on page 2, Col. 2)

CATTLE VALUES LOW; EPIDEMIC THE CAUSE

ASSESSOR IN PALMYRA FINDS A DECREASE IN LIVESTOCK VALUATION.

Two more assessors yesterday returned their books to the office of the supervisor of assessments, George R. Emmert of Nachusa township and W. G. Andreas of Palmyra made their returns and an increase is shown in the total assessment over that of a year ago. The total stock valuation in Palmyra township is considerably lower than that of other years on account of so many herds in the township having been wiped out by the foot and mouth disease. In one or two instances farms on which were valuable herds a year ago are now entirely devoid of cattle, while in other places the farms were not restocked until after the first of April.

GIRL COULDN'T LET GO OF DOOR KNOB

FREEPORT CHILD BURNED WHEN LIGHTNING STRUCK A DOOR LOCK.

Freeport, May 27—Helen, the 7-year old daughter of Mr. and Mrs. George Thompson, was painfully burned during the storm Tuesday morning her right hand being severely burned while the child stood with one hand on the door-knob, looking out at the rain. Lightning struck the lock of the door.

The child could not move her hand from the door-knob for a few moments and it was badly burned. The mother, hearing the child's screams, ran to her assistance. Dr. J. J. Grant was called.

Memorial Fount Has Been Shipped From Trenton, N. J.

A. B. Whitcombe Has Received Bill of Lading For Parker Gift

A. B. Whitcombe, Lee county consul of the Lincoln Highway Association Wednesday received word from the Trenton potteries at Trenton, N. J., that the Parker memorial fountain which will be erected here to the memory of the mother of the late Carl E. Parker, of California, has been shipped from the factory and is now en route to this city.

The bill of lading was also received and the fountain ought to be in this city in the course of a few days. When it arrives it will be set up on Lincolnway and will be used there by travelers along the Lincoln Highway as well as the thirsty people of the city.

The fountain has been a long while coming but that is on account of the fact that the makers had a hard time getting the proper shade of blue to be used in the Lincoln Highway device which is a prominent feature of the decorations.

The fountain is given by the late Carl E. Parker, who, just before his death lived in Los Angeles, and was a Lincoln Highway enthusiast. Parker's mother was an Illinois woman and he hit upon the plan of giving a number of memorial fountains in her honor, to the cities in Illinois which named certain streets after the Lincoln Highway.

Dixon was one of these favored places. Several months ago Parker in a fit of depression killed himself, but his estate is carrying out his plan of giving the memorial fountains.

Dunne's Waterway Bill Passed Senate; House In Busy Day

BULLETIN, 3:30 P. M.

Springfield, Ill., May 27.—The house today killed the women's nine hour bill, introduced by Representative Medill McCormick of Chicago.

The bill received 69 votes, or eight less than the necessary 77, while 59 votes were cast against it. The bill prohibited the employment of women for more than nine hours a day, or 54 hours a week, in mercantile establishments, factories, hotels, restaurants, offices and by telegraph and telephone companies, common carriers.

(Associated Press)
Springfield, Ill., May 27.—In the same form as it passed the house, the senate today passed Gov. Dunne's waterway bill.

The McCormick bill limiting the work-day of women to nine hours was defeated in the house.

AMERICAN UNIVERSITIES—YALE

Yale is the university which made football famous. It also put New Haven on the map and has presided at both ends of ex-President W. H. Taft's career. Yale was founded by old Eli Yale in 1701, which makes it the third oldest university in the country. Its principal output has been championships, college yells, picturesque customs and members of "Who's Who." Its principal aim has been to make students of Harvard giddy for the fact. In this it succeeded impressively up to the last few years, when Harvard stopped playing family trees in her lineup.

Yale's duty to the country has been to supply it with high grade college graduates and local color for magazine stories. In both it has succeeded admirably. It has produced more graduates than any college except Michigan, and enough stories have been written about it to use up the entire enrollment twice as characters.

Yale is the best advertised university in the world. Not many of its faculty are more than ordinarily famous but the football heroes and crew men

are known wherever there is a sporting page to be read. A man can gain more fame by stroking the crew at Yale than he could by running for vice president. This is partly because Yale was on hand when athletics first broke into the magazines. The early bird always gets the calcium light.

Yale is no longer noted for its size. It has only a little over 3000 students and there are twenty-four institutions in this country with a larger attendance. But only seven have a larger faculty and no other school has an ex-president on its staff. Yale also has the largest bowl in the world, not excepting King Cole's celebrated dish. It holds 75,000, and during the last football game had to be bailed out four times.

Yale also has 500,000 books in its library—more than any of the ancient universities in Europe. Very few of the students have read this library through, though it is free to all.

Yale is celebrated for its fine, ivy covered buildings, its "Yard," its fighting spirit and its "tomb," full of exceedingly live ones. Its motto is "Gilt there Eli," its favorite flower is the bull dog and its color is blue—varying from very light to an intense shade according to the score. Its saints are Dwight, Taft, Hinkey and Walter Camp, and it believes in a personal devil since Haughton has been coaching at Harvard.

Lady of the Slipper" and "Chin Chin" who has proven herself an adept in the art of writing comedy and romance for the light musical stage. The score, by Robert Winterberg, contains music of distinction and popular appeal.

The Herndon Corporation has shown excellent judgment in the selection of the company, heading the list of principals with Valli Valli, Edward Martindale, Glenn Hall, Gertrude Vanderbilt, Will Phillips, Josie Intorpidi and Ward de Wolf, each one being particularly well known on the musical comedy and operatic stage. The feminine chorus is comely and of splendid vocal equipment. The piece is mounted in a lavish manner, with due regard to artistic values. A popular matinee, with best seats at \$1, is announced for Thursday.

Lights Out at Venice.

Venice, May 27.—The military authorities have given orders that no lights be displayed in Venice between sunset and sunrise that can be seen from above the city. This is a measure of protection against attack by aeroplane.

The aspect of Venice at night has been changed by the order. The people of Venice are normally much abroad at night, but now they are staying up even later than usual. They enjoy the aspect of the city without light, and are all eagerly looking into the air for the sight of an Austrian aeroplane. Nobody seems to fear a visit from these machines.

S. S. CLASS MOURNS DEATH OF TEACHER

IRA W. LEWIS CLASS ADOPTS RESOLUTIONS OF GRIEF AND SYMPATHY

The following resolutions were adopted by the Ira W. Lewis adult Bible class of the M. E. church May 27th, 1915:

Whereas, we have been called upon to mourn the loss of our beloved teacher, who from the organization of the class has been a most efficient and faithful teacher and friend. It is therefore

Resolved, that in the death of Mr. Ira W. Lewis, this class, church and community lost from their midst a character of unusual worth, a spirit of gentleness and love, a heart of nobleness, and sympathy, full of kindness and charity for all.

His religious life was living light, glowing from his heart, shining in his deeds and cheering all who came under his influence. His deeds of kindness and words of encouragement and sympathy are known to many who were unfortunate and suffering. He was a lover of peace and harmony and a promoter of happiness in his large circle of friends; charitable in opinion, speaking no evil. His christian faith was childlike and simple, not bigoted, selfish or obtrusive, but being filled with a firm unswerving trust and holy zeal for the cause of truth and righteousness. His life was a pure and bright example stimulating all who knew him to greater devotion and faithfulness. His love of Bible study was a marvel to all who knew him as we did, and his comprehension of its teachings were brilliant and never more fully displayed than in our class on last Sabbath. He was an ideal teacher, never absent from his class, when at home and able to be about.

Resolved, That we unite to express our sincere sorrow and regret that he has been removed from our midst but we rejoice in the belief that his pure and noble spirit still lives in a higher existence beyond the reach of suffering and death.

Resolved, That we extend our sincere sympathy to the family in this dark hour of trial and bereavement commending them to the kind and comforting care of the heavenly Father and Friend, assuring him that his many virtues will long live in the remembrance of all who knew him.

ATTENDED COMMENCEMENT

Mrs. T. J. Dillon and Miss Hazel Green of Mendota attended the D. H. S. commencement exercises last evening, Miss Green's brother being one of the graduates.

FENCING AS HEALTH EXERCISE

Having for some years studied the art of fencing with the rapier at the leading French school of fencing, Sydney Aufholz of this city is in a position to give the information that it is one of the finest exercises to uniformly strengthen the muscles of the arms, legs, back and neck, and also the muscles of the abdomen. It gives to the student elasticity, buoyancy, and alertness. Mr. Aufholz has given lessons to actors and actresses at the Apollo Theatre, London, England, fencing being one of the finest exercises for stage artists, keeping them supple, graceful of carriage and alert. The rapiers used in practice are beautifully tapered and have no cutting edge. They are made of the very finest steel and can be bent to form a letter "U," and spring back to shape, being so highly resilient. They are provided with buttons at the point which makes them perfectly safe in practice. The blades used by the ladies are somewhat shorter and lighter than those used by men. A mask is worn when competing.

It is wonderful how thrusts and even blows can be parried and countered by a small movement of the wrist and fingers alone. Even a downward stroke for the head is deflected, thus easily and the opponent is left exposed to the "report" or thrust to body in retaliation.

Mr. Aufholz will be pleased to have any persons interested in this athletic pursuit and who wish to join the class interview him at his residence, 591 S. Galena Avenue, or call Siraton & Covert's, Athletic Outfitters, 117 First St., Dixon.

FOOT SPECIALIST TELLS OF TREATMENT

SAYS ALL AILMENTS ARE CURABLE IF PROPERLY TREATED.

Practical orthopedics was the topic of a highly instructive and interesting lecture delivered yesterday to employees of Henry's Exclusive Shoe Store by Dr. N. Levitt, a foot specialist from the faculty of the School of Orthopedic School in Chicago. Probably the foremost feature of Dr. Levitt's visit to the city is the benefit which will accrue to residents of Dixon through the specializing in treatment of foot disorders which is a feature of the shoe service in the Lebowich store.

Directly in charge of the orthopedic branch in Mr. Lebowich's store will be Ray Briscoe. He has had a great deal of practical experience in fitting arches and correcting other ailments and in addition to the comprehensive lecture delivered yesterday by Dr. Levitt, Mr. Briscoe will soon go to Chicago to take a complete special course in orthopedics at the school.

According to Dr. Levitt, so-called "broken arches," "fallen arches" and other foot disorders require as accurate diagnosis and as efficient treatment as disorders in any part of the human body. The experienced foot specialist prescribes an arch only after careful examination. That examination will disclose the misplaced muscles and ligaments, the bones which have been drawn into improper positions and the other factors which should be remedied. After that diagnosis the completion of the treatment includes a careful fitting of an arch to the case and last of all consideration by the afflicted person for the advice of the specialist.

"A friend of mine," said Dr. Levitt, "was suffering from foot trouble. I asked him if he ever tried a foot arch to strengthen his foot. He threw his arms above his head and yelled, 'No more for me. I have three pairs of them at home now.'"

"Ah, that's just it," I replied. "You didn't go to a man who knows his business. Your case must be properly diagnosed and then proper treatment can be prescribed. I examined his feet, located the trouble and today he never thinks of foot trouble."

That is what Mr. Briscoe and other employees of this store are doing completes the comprehensive course which he has already begun there will begun there will be no further need for any man or woman in Dixon to complain of foot trouble. They can be remedied right here and remedied properly.

Dr. Levitt's lecture consumed the greater part of three hours and covered every phase of orthopedics, particularly with reference to the practical side of the question—the element which has most to do with proper aid for the suffering from foot trouble.

The Co-operative Tire

Goodyear has always built co-operative tires. Every saving has gone to the user. The more men bought the better we built them, and the lower we sold them.

That is why Goodyear has held top place, outselling any other tire.

Our All-Weather tread is still double-thick. It still has the sharp, tough, resistless grips.

Those extras—all exclusive to Goodyear—are all retained, despite our price reductions. And we still spend \$100,000 yearly to discover new ways to better them.

3 Reductions

Note that in two years we made three big price reductions. The last—on February 1st—brought the total to 45 per cent.

Yet in costly ways these tires have been bettered. In not one iota were they ever skimped.

How Gold Dust actually works for you

The active principle of Gold Dust is a valuable antiseptic cleansing agent.

It actually works. It gets into the corners and crevices where fingers and washcloths can't reach. It permeates and dissolves dirt, grease and grime everywhere and it cleans and brightens everything.

Gold Dust does all this—does this actual work—because it is made for that purpose.

Millions of women all over the country use Gold Dust three times a day in washing dishes. They use it also for scrubbing floors, washing windows, etc.

But they do not realize all the uses of Gold Dust. Gold Dust is the only washing and cleaning powder needed in any home.

♦ ♦ ♦ ♦

Gold Dust cleans metal work, nickel, enameled ware, etc., without scratching or marring the surface—leaving it sanitarially clean, bright and new-looking.

The use of Gold Dust is an economy. There can be no waste when you use the exact small quantity required for each specific purpose. It is at once taken up by hot or cold water, forming the perfect cleansing solution.

No soap or other cleansing help is needed. Gold Dust does it all, and Gold Dust does its work far better than anything else can.

Use Gold Dust not only for washing dishes, but for washing bathtubs and bathroom fixtures, cleaning oil mops, cleaning and freshening linoleum and oilcloth, cleaning and brightening pots, pans and cooking utensils, giving luster to glassware—for every cleaning and brightening purpose.

Gold Dust is as inexpensive as it is indispensable.

Guests of Aunts

Mrs. Carl Seaburg and daughter Thelma of Rockford, Mrs. William Scholl, Mrs. Stebbins, and Mrs. Jerome Anderson of this city, spent the day Wednesday with their aunts Mrs. Withers and Miss Anderson, at 916 Third street.

Miss Stonick Showered

Freeport Journal Standard: Miss Catherine Stonick was the guest of honor at a delightful party given last evening by Miss Hazel Allemand at her home on Cottonwood street.

Fifteen young women were her guests, the affair being an aluminum shower for Miss Stonick who is to be married in early June to Francis McCarthy of Dixon, Ill.

The home was prettily decorated in red and white, cupids and hearts predominating throughout. A number of appropriate contests furnished amusement for the evening. Madge Gray and Elva McCallips winning the favors. Late in the evening a dainty supper was served, red and white being carried out in the table decorations. Red candles lighted the room and at each cover was placed a red carnation as a favor. The party was a very pretty one and Miss Stonick received many useful gifts.

This evening she will be given a variety shower by Mrs. B. A. Shock Pleasant street, and on Friday evening Mrs. Helen Sprafkin will entertain at a linen shower.

Chicago Guests

Mr. and Mrs. William Slothower will entertain this evening at dinner Mr. and Mrs. Ellis Drummond of Chicago.

Gave Thimble Party

The third of the series of delightful functions given this week by the Mesdames Max, Adolph, and Isador Eichler, this one a thimble party, was given at the home of Mrs. Isador Eichler this afternoon. The first two were card parties, and were most enjoyable affairs.

Entertain Friends

Sterling Standard: Mrs. Walter Emmitt entertained at 12 o'clock dinner Sunday, Mr. and Mrs. Ross Emmitt and family, and in the afternoon motored to Dixon and visited friends.

Revives Old Memories

Mrs. J. W. Crawford and guests, Mr. and Mrs. Frank Peacock of this city, and C. W. Snyder of New York city, took dinner in Grand De tour yesterday, and drove to points of especial interest to Mr. Snyder, who is a veteran of the Old Thirtieth and attended the reunion held here Tuesday. Mr. Snyder is a relative of Mr. Crawford and lived in Dixon a year previous to the war, enlisting in Company A, of the 13th regiment which formed in Dixon. Mr. Snyder's parents were residents of Prairieville fifty-five years ago, and Prairieville was included in yesterday's itinerary. Mr. Snyder made rapid advance in the army, becoming a commissioned officer, and following the war remained in the U. S. service, spending twenty-five years in Iowa, and from there going to the Pacific coast, where he remained nearly twenty years. Mr. Snyder expects to return to New York, his present home, on Friday.

Picnic Postponements

One hears little these days but postponements. The majority of social events are naturally scheduled for out of doors, for when the zodiac sign swings around to the month of roses, humanity naturally expects pleasant weather. There was a time when the people had some confidence in the weather department but to read "fair and warmer Wednesday" and to go to a luncheon in a temperature resembling January, is to lose all faith in the bureau.

The members of the City Alt club found weather to be an interrupting factor in a good time they had planned yesterday. A beef steak fry was to have been given at the Hintz Rock with Mrs. Harry Hintz as hostess, but even a fire out of doors did not promise enough warmth and brightness to dispel the gloom of yesterday and accordingly this affair is to be listed with the postponements. They have set next Wednesday, June 2nd, for another essay.

The ladies of the P. E. O. sisterhood and of the Current Topics club both which have planned picnics for some time, declare they will wait until the "frost is out of the ground"

Musical Chocolate

The musical chocolate given Wednesday afternoon at the home of Mrs. Paul G. Lord, with Mesdames W. C. McWethy, O. H. Brown, E. L. Staples and Miss Agnes Raymond as assistant hostesses, was a very delightful affair. The guests numbered about fifty.

The following program was rendered:

Vocal Solos.—Serenade by Strauss His Lullaby—Jacobs Bond
Miss Bacharach, accompanied by Miss McKenney
Piano Solo, Papillous—Lavalee Miss Loala Quick
Readings—
Jimmy Brown's Sister's Wedding
A Hindu's Paradise
Miss Amy Petersberger
Vocal Solo—Spinning

Miss Hitchcock

Miss Mary Staples, Misses Ruth and Helen Brown assisted in serving the refreshments. The serving table was decorated in pink peonies, with peonies and iris decorating the house throughout.

M. E. Choir Rehearsal

All members of the Methodist choir are urged to be at the church

West Brooklyn Club

The West Brooklyn Domestic Science club met in regular session on Wednesday afternoon with Mrs. Lydia Berscheid. Fifteen members and three visitors were present. A carefully prepared and instructive paper was read by Mrs. E. D. Gehant on "Home Training of the Child." Miss Carrie Berscheid gave a delightful vocal number "Only a Faded Rosebud," and graciously responded to an encore. "How to Exterminate Flies," and "Different Uses of Salt" were topics under discussion.

Flags were presented as favors and different recipes were given out for copying during the social hour. The next meeting will be held with Mrs. H. A. Bernardin who will demonstrate fireless cookery.

Junior Choir

The Junior choir of St. Paul's Lutheran church will meet tonight at the church for rehearsal.

At District Missionary

Mrs. M. W. Rowe attended a meeting of the missionary societies of the District held in Sycamore yesterday. Mrs. Rowe is district president. Mrs. Webb of Chicago and Miss Manning, returned missionary from China, gave interesting talks at the session.

COMPARISON OF SUBMARINES.

The United States navy now has nominally ready for service 18 submarines. According to the comment of an officer of one of the American ships which the New York Tribune quoted in a published interview without giving the name of the officer, the submarine flotilla that is with the Atlantic fleet is the best equipped unit in the navy for immediate service. This same unmentioned officer is accredited with another remark calculated to arouse interested attention.

The remark was, "but we can't hold a candle to the Germans in submarine construction. I understand they are building and shoving into the water two of these big U-type boats every week." As to the German U boats he said: "They are twice as large as those K boats of ours which have just come from Pensacola." That the German under-sea boat of the U class is a terribly effective instrument of destruction has been sufficiently demonstrated.

The part of the comment just quoted, which will specially fix attention, is that which mentions that two of these terrible submarines are being added weekly to the German under-sea naval outfit. Is this a mere guess or is it based upon reliable information? Of one thing we may be sure—these under-sea torpedo boats are being built and equipped with all the high pressure speed that German shipyards can make available. It is so far as known outside official circles all in the guessing as to how many of this U-type of submarine is now in service in the German navy, or as to how many may be in process of construction.

THE COMMUNITY CHURCH.

A community church was dedicated yesterday at Rush Hill, Mo. The citizens of the village united in putting up the building. All denominations are to be represented in it, instead of in separate small and struggling churches. Community churches have now been established in several centers of the middle west. The movement is becoming stronger each year. It is bound to spread for it is the fruit of a developing spirit of efficiency and brotherhood that is taking possession of the churches.

There is a wide field for this sort of consolidation. In numerous towns several weak churches are being supported where united efforts could maintain one strong and vigorous organization. Gradually it may be expected the community church will supplant these ineffective churches, to the very great advantage of all the members. Rush Hill is in the line of progress.

This action in Missouri coincides with the views that ex-President Taft recently expressed on the subject.

CARTWRIGHT MUST BE RETURNED.

Judge James W. Cartwright is the only candidate that the people of this supreme judicial district can afford to elect to that exalted position. He is one of the distinguished and eminent jurists of the nation. He is tried and true and his honor and integrity are above reproach. He is too valuable and too useful to this state and nation to be allowed to retire from his position on the bench.

BEGINNING TO APPRECIATE HIM.

There is a great teacher abroad in the Yankee land, and he is making suggestions and affording enlightenment of inestimable value to the nation. He hails from the White House and a classroom in New Haven.—Milwaukee Sentinel.

No use spending the winter in California or Florida when you can shiver, in weather that should be warm, at home.

HARD LUCK.

Little Willie's pulling weeds, and his gentle bosom bleeds, for the fish are fairly thick 'way down yonder in the creek. So he thinks his fate is hard as he sweats around the yard, and his eye with moisture blurs as he pulls the cockleburrs. Gentle Willie, slay the weeds, ere the blamed things go to seeds; while the other fellows fish, let your sickle go swish-swish; pull them, hack them with your knife—for that sort of thing is Life. All of us who earn our hay thus are toiling, day by day; doing things that break our hearts, in the workshops or the marts, at the loom or at the plow, earning bread with streaming brow. All of us profoundly wish we might quit our work and fish; but in vain we long and yearn, for the call of Life is stern; we must to the burden bend, we must strive until the end. What's the answer, Willie asks. Let's pretend we like our tasks. Let us to our comrades say, "You go fishing—we will stay pulling these delightful weeds! That's the fun my system needs!" Let us make our work a joy; that's the answer, Willie boy.

Memorial Day 1915

*It is well to set apart at least one day
in the year as a time for remembering;
a day when we think of patriotism,
and heroism, and sacrifice, and fearless,
unquestioning devotion to duty; when
we remember the brave men, North and
South, who gave their lives to a cause
they believed in.*

*The differences for which they battled
have disappeared; our Memorial is no
longer for the Cause; it celebrates the
Courage. We may formally decorate
their graves, or not; the true memorial is
in the hearts of the men and women and
children who now share the heritage of
heroism those men left to us.*

You may not see what this has to do with the clothing business; there's no particular field for heroism in such work. We don't have to "lay down our lives" in selling clothes. But we have the same sort of spirit in it; a willingness to do all we can in the interests of our customers.

HART SCHAFFNER & MARX CLOTHES

are one evidence of such a spirit; and we'll try
to show you others when you come here.

If Everything Was As Great
As OUR ICE

The cost of living would be so low as in the good old days.

No use worrying, however, because it isn't that way. Be glad that ice is helping to keep down the cost of living, besides giving you better food and a greater variety of it than your grandfather's family ever had.

What a hungry half-starved nation this would be, if it were not for ice.

OUR ICE is the best ice you can buy pure full weight and honestly priced. You can afford to use it freely.

PICTURES OF CLASS OF 1915

Courtesy of "Dixonian" Publishers Enables Their Presentation.

Through the courtesy of the promoters of the "Dixonian," the Dixon high school year book, issued by the class of 1915, the Telegraph is privileged herewith to present the pictures of the graduating class, who received their diplomas Wednesday evening. These pictures are a few of many excellent cuts which illuminate the annual, and the Telegraph will publish others of the views from time to time.

DAUGHTER BORN.

A daughter was born to Mr. and Mrs. Edward Schick of the Chicago road this morning.

Class Of 1915 D. H. S.

The commencement exercises of the class of 1915 of the Dixon high school, held Wednesday evening at the Family theater, were of especial moment in that they were the fiftieth annual event in the history of the school; and the class which graduated was indeed a worthy one to celebrate the half century mark.

The theater was filled to capacity, and the program, which was made of musical numbers and demonstrations of school work by the graduates was one of exceptional interest. Prior to the program proper Superintendent Snyder in a few remarks reviewed the progress that has been made in the school work during the past year and he also told of the hopes of the faculty and the board of education for the future.

The program was given as published with the exception of the reading, "Pro Patria," by Miss Mary Keenan. Miss Keenan was prevented from participating by illness. Rev. John Divan, pastor of the Grace Evangelical opened the program with an invocation, following which the class appeared in two choruses, Love's Old Sweet Song and Holman's Boat Song.

Miss Dorothy Gonnerman delivered the Salutatory, in which she told entertainingly of American Achievements in the Philippines—a review

of and a tribute to Yankee efforts to better the conditions of the people in those islands.

Horace Ort and Mahlon Dollahan entertained with a chemistry experiment, in which the manner in which the science is taught in the school was clearly demonstrated. The experiment was very interesting to the audience.

A trio—Josephine Altman, Elizabeth Owens and Marjorie Slothower, sang a Dutch Lullaby and Well's Spring Song in most charming manner. The young ladies have very pleasing voices, which blended perfectly, and their rendition of the songs showed careful training and study.

The Valedictory was given by Donald Barry, in a well prepared and well presented farewell he thanked the teachers for their interest and efforts, and bespoke in behalf of the class, a lasting memory of the school days of the Class of 1915, and the relations of the class members with their teachers.

Prof. C. H. Anderson presented the class and Attorney W. H. Wynn of the board of education presented the diplomas. The program closed with the School Song by the class, and the benediction, pronounced by Rev. C. H. Day, pastor of the Christian church.

JUMPED FROM MOTORCYCLE

Oak Park Rider Was Badly Injured In Rochelle Accident.

Rochelle: Harry J. Good of Oak Park suffered a compound fracture of the right hip, a broken nose and head and scalp wounds when he jumped from a motorcycle directly in front of an automobile driven by Gar Delbridge of Creston. Will Asmus, also of Oak Park, who was guiding the bike, stayed with the machine and escaped injury.

ROCKFORD HAS NOT LOST GAME SO FAR

RECORD FOR SEASON SHOWS A STRAIGHT STRING OF VICTORIES.

The ball games to be played in this city on net Sunday and Monday between the Dixon team and the Rockford Athletics promise to be closely contested. On account of the cold and rainy weather of the past few days the local players have had little opportunity to practice but from the article of ball put up in their last game they are capable of furnishing a snap py game. The Rockford team is made up of many old time players and have won all the games played so far this season. In the recent game played with the Fairbanks-Morse team of Beloit they won by a score of 5 to 1. The game on Monday will not be called until late in the afternoon so as not to conflict with the Memorial exercises to be held earlier in the afternoon.

MAY BUILD STEEL TABERNACLE

Permanent Structure May Replace the Burned Oakdale Building.

In all probability the large tabernacle at Oakdale park, which was destroyed by fire after being struck by lightning Tuesday, will be replaced with one of steel. A meeting of directors of the Oakdale Campmeeting association to definitely decide the matter will be held Tuesday, June 1st, at the camp grounds. It is probable that a large steel auditorium will replace the wooden structure which was burned yesterday. As the next campmeeting will be held in August it is likely that work will be rushed so that the building will be ready for occupancy by the time the campmeeting is to be opened.

MRS. STUYVESANT FISH DIES

Famous Society and Philanthropic Leader Sick Only Few Hours.

Garrison, N. Y., May 27.—Mrs. Stuyvesant Fish, leader of New York's social set, is dead at Glen Cliff, her summer home here. She died of cerebral hemorrhage after an illness which had lasted only a few hours.

Mrs. Fish was about sixty years old. She was born in New York. Her maiden name was Marion Graves Anthon. On June 1, 1876, she was married to Stuyvesant Fish, a well known railroad man and financier and a son of Hamilton Fish, secretary of state in the cabinet of President Grant. With her husband she was interested in many charities and entertained liberally. Her list of personal charities, too, it is said, was large.

No. 171, Series of 1914.

FINAL SPECIAL ASSESSMENT NOTICE.

PUBLIC NOTICE is hereby given that the Board of Local Improvements of the City of Dixon, in the County of Lee and State of Illinois, caused to be filed in the County Court of said County of Lee on the 24th day of May, A. PLAIN QUESTIONS

TO DIXON PEOPLE

EVERY DIXON READER WILL ADMIT THE SOUNDNESS OF THE LOGIC

Would Dixon people recommend Doan's Kidney Pills as they do if the medicine were not reliable? Would they confirm their statements after years have elapsed if their experiences did not show the remedy to be of serving of it? Statements like the following must carry conviction to the mind of every reader:

John Edons, 812 W. Fifth St., Dixon says: "I suffered from a lame back and my kidneys were out of order. Doan's Kidney Pills, procured at Leake Bros. Co.'s Drug Store, removed the lameness in my back and regulated the action of my kidneys. Another of the family got permanent benefit from Doan's Kidney Pills." (Statement given July 5th, 1910.)

OVER FOUR YEARS LATER, Mr. Edons said: "I still use Doan's Kidney Pills when I feel any symptoms of kidney trouble and they never fail to help me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Edons had. Foster-Milburn Co., Props., Buffalo, N. Y.

to a house more than anything else you can put your money into. The women folks know such floors cut down house work and are sanitary. Our stock comprises the cream of America's flooring factories and we have it in Maple, Birch and Oak.

Any of these woods are desirable as they all take a high polish and hold it. Whether you are building new or just recovering old floors, you should investigate our prices and flooring before deciding on the kind of floor you will have.

WATERS OF STATE ARE PROTECTED

(Continued from Page 1)

Springfield, Ill., May 20, 1915—Mr. A. M. Clavin, Sterling, Ill. Dear Sir: As the game and fish conservation commission is directly interested in the preservation of fish breeding waters and the holding of streams and lakes for public fishing, they deem it their duty to co-operate with the river and lake commission that more effective work may be done in preventing illegal encroachments upon any of the public waters of this state, and further to prohibit, if possible, any manufacturing plant or individual to pollute or defile any stream or lake by the deposit of any crude sewage or any foul or injurious substance so that fish or other aquatic life is thereby destroyed.

To this end this commission requests that you forward a copy of this letter to each deputy warden in your district, instructing him to be on the alert at all times and to make a thorough investigation of any encroachments whatever by corporations or individuals upon any public stream or lake, and to further make an investigation as to the contamination of any water by any manufacturing plant or individual and to report same to the warden in charge of this district, who is to forward said report to the game and fish conservation commission.

I herewith quote a simple statement of the law which we deem advisable that all deputies be acquainted with:

"1. It is illegal for any city, manufacturing plant or individual, to pollute or defile any stream or lake by the deposit of crude sewage or any foul or injurious substance so that fish or other aquatic life is thereby destroyed.

"2. It is illegal for any person to make any improvements or erect any work or structure, such as a dam, levee, building, etc., in any of the public bodies of water in the state of Illinois without first obtaining a written permit from the state rivers and lakes commission. Any person, firm or corporation violating the provisions of this section of the law, shall on conviction, be fined in a sum not exceeding \$5,000.

"You will please give this matter your early attention and oblige,

"Yours respectfully,

"C. J. DITTMAR, President

"You will please make reports regarding violations as mentioned in the above letter to me at Sterling.

"Yours truly,

"A. M. CLAVIN

EVERYBODY

would like to buy their Pineapples for canning at the cheapest price. This seems to be the reason they all wait for a while when they first come on the market. As the public commence to buy, the price advances. This has been the history of the pineapple market for a number of years back.

It seems now that the public is buying and that the market will advance slowly. Such is advice from South Water St. The Cuban Pineapples are now on the market and are the kind mostly canned here. Florida's will not be on the market for two or three weeks yet.

We have a full supply of the larger pines, which can to the best advantage, as well as sugar, cans, caps and rubbers.
